

## ABOUT WILD TRACK SAFARI

*Your footprint, our passion*

*Authentic Tailor-Made Mobile Safaris | Botswana • Namibia • Zimbabwe • South Africa*

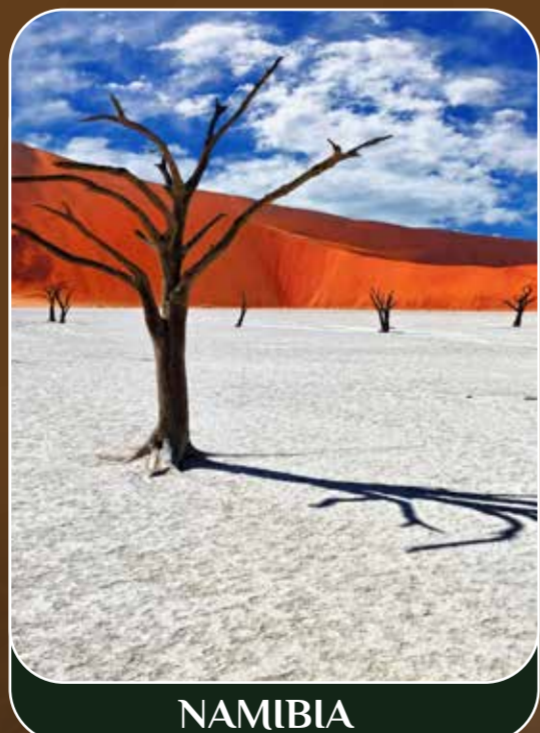

After 10 years of living and breathing Botswana, I have personally hand-crafted every safari expedition from the ground up to offer maximum immersion and genuine cultural exchanges. We focus on the raw beauty of the African wilderness while minimizing our footprint, partnering exclusively with local guides who know the terrain intimately. Our private safaris are designed to be as profound as they are unforgettable. This is Botswana through the eyes of someone who calls it home. This isn't just a trip—it's a journey etched into your soul.
